

International Year of Forest CD

ALL PROFITS GO TO THE FOUNDATION FOR ENDANGERED SPECIES.

The CD helps the Foundation for Endangered Species (FES) to get its message into the public domain and to raise important funds for the charity. Includes a quality wildlife booklet that explains FES aims and objectives as well as its projects and programmes. Some FES successes has also been highlighted and you can share in these by contacting us directly.

Because the CD is an eclectic compilation of music, there should be at least one or two tracks of enjoyment for every listener. However the feedback is that there is an overall quality of fine music.

- 13 compilation tracks from artists such as Neness Gold, Sarah J Wilson, Stephen Blackwood, One eskimO and many more!
- All profits from this CD go to the FES charity.
- You are helping to raise awareness for endangered species.
