

# SPONSOR A WILD ANIMAL

*We are fighting to save our fantastic wildlife and welcome your support. Rhinos are on the brink of extinction and we are in a desperate fight to help them survive.*

*MR CHALISE, Ambassador of Nepal.*

## Do you want to help save these sensational animals from extinction?

*His Excellency, MR CHALISE,  
Ambassador of Nepal.*

*I'm very pleased to be part of the Foundation for Endangered Species Carbon Offsetting Group (FES COG) and fully support their projects. Replanting trees is vital to Nepal, our people, our countryside, our animals and the spirit of our nation. We all benefit from this. If this project succeeds, how can we fail?*

## ONE HORNED RHINO

SPONSOR AN  
ENDANGERED  
RHINO FOR ONLY  
£20.00 per month.

This is a One Horned Rhinoceros which only lives in the Indian sub continent. It is also called the Armour Plated Rhino due to the folds of its thick leathery skin. Two other famous Rhinos live in Africa, the White and Black Rhinoceros. Sadly all Rhinoceros species are endangered because

of poaching. Their horns fetch fantastic amounts in the global trafficking industry as their horns are used for dagger sheaths in the middle-east. The traditional Chinese medicine trade also uses the horn, despite its properties being completely worthless. This is because the rhino's horn, despite its name, is made of keratin (which also makes fingernails).

Saving these fantastic creatures is now urgent. If we do nothing we will lose all of our Rhinos in the very near future.

We need to increase their habitat and living space. But we also need to protect their present numbers by giving park rangers greater resources to combat poaching gangs. These include rifles, jeeps, tracking equipment and communication systems.

FES has tracked the white rhino in Africa, and more recently the one horned rhino in Nepal. This particular photograph was presented to the Nepalese Embassy at Kensington Palace Gardens, and is on permanent display in one of the state rooms.

Furthermore other photographs have featured in many of our photographic exhibitions in art galleries, public libraries and at Liverpool Cathedral.

FES aims to increase the rhino habitat in Nepal and to work closely with park rangers in Bardia and the Chitwan national parks.

For only £20.00 per month you can sponsor a wild rhino. Just fill in the form or contact us with the details in the order form.

### **Sponsorship package;-**

Badge; Wildlife Zone Newsletter; Photograph by Andy Mydellton, wildlife photographer worth £15.00; Invitations to special FES and Wildlife Zone events.

Letter  FES badge  Photo worth £15.00  Newsletter 

Once this beautiful species has become extinct, it will have disappeared for all time. For them and us, there is no second chance.

Join us and be part of our active group of workers, friends and supporters in a charity where everyone is a volunteer.

Do you want to save one of these sensational animals from extinction? If so, sponsor one of our key species and you will be doing exactly that. It is not expensive to do so. You will also know that you are not a bystander, but are pitching in and making a difference.

You can congratulate yourself that the world will be a better place because of your help.

*"I've promoted the causes of these animals at the Houses of Parliament, the EU Parliament, and inside some United Nation's organisations. My work has only just begun as I feel that many animals are staring down the barrel of extinction every day."  
"We can all make a difference!"*
