

# SPONSOR A WILD ANIMAL

FOUNDATION FOR ENDANGERED SPECIES

F E S

We are fighting to save our fantastic wildlife and welcome your support. Tigers are on the brink of extinction and we are in a desperate fight to help them survive.

*MR CHALISE, Ambassador of Nepal.*

Do you want to help save these sensational animals from extinction?

***His Excellency, MR CHALISE,  
Ambassador of Nepal.***

***I'm very pleased to be part of the  
Foundation for Endangered Species  
Carbon Offsetting Group (FES COG)  
and fully support their projects.  
Replanting trees is vital to Nepal, our  
people, our countryside, our animals  
and the spirit of our nation. We all  
benefit from this. If this project  
succeeds, how can we fail?***

## TIGER

The tiger is truly wonderful and is probably the most popular animal in the world. There are five sub species of tiger, this one being the Royal Bengal Tiger, some of which live in Nepal.

The tiger has had huge swathes of its territories taken away by mankind, as people have needed ever more living space.

Moreover, as land is cleared, the trees that are cut down form part of an illegal international trade in timber. Poaching is another huge problem, even though tigers are protected by law in many countries. This is because tiger parts fetch high prices in black markets and the traditional Chinese medicine trade. Tiger numbers in the wild are incredibly low, probably only about 3,000 throughout the world. If they are not protected at all, they would become extinct in the wild within the next decade or so.

We need to protect the present nature reserves and the tigers living inside them, by giving extra powers and resources to park rangers. This increases their front-line war capabilities against poachers and illegal hunters.

SPONSOR AN  
ENDANGERED TIGER  
FOR ONLY £30.00  
per month

FES has been to Nepal frequently and has tracked tigers in Bardia and Chitwan national parks. Some years ago Bardia rangers presented Andy Mydellton with a terracotta paw print in recognition of FES help. The tiger

is the FES and Wildlife Zone logo and a photograph taken by Andy Mydellton is on display at the Nepalese Embassy in London.

FES aims to conduct official tiger surveys in Nepal's national parks, as well as to replant many trees that have been previously cut down. This replanting scheme could also form part of the wildlife corridors that are needed to reconnect the national parks in the Terai Arc region of south Nepal. Furthermore the FES 'Chitwan Collaboration Project' includes a tiger swamp plan which will increase the quality of tiger habitat.

For only £30.00 per month you can sponsor a wild tigers. Just fill in the form or contact us with the details in the order form.

### Sponsorship package:-

Badge; Wildlife Zone Newsletter; Photograph by Andy Mydellton, wildlife photographer worth £15.00; Invitations to special FES and Wildlife Zone events.

Once this beautiful species has becomes extinct, it will have disappeared for all time. For them and us, there is no second chance.

Join us and be part of our active group of workers, friends and supporters in a charity where everyone is a volunteer.

Do you want to save one of these sensational animals from extinction? If so, sponsor one of our key species and you will be doing exactly that. It is not expensive to do so. You will also know that you are not a bystander, but are pitching in and making a difference.

You can congratulate yourself that the world will be a better place because of your help.

*"I've promoted the causes of these animals at the Houses of Parliament, the EU Parliament, and inside some United Nation's organisations. My work has only just begun as I feel that many animals are staring down the barrel of extinction every day." "We can all make a difference!"*
